

Flood Planning and Resilience Guide

Hyde County, North Carolina

Flooding and Its Aftermath

Stay safe around floodwaters.

- Avoid playing or swimming in floodwaters. They may pose a health hazard.
- Turn around, don't drown. Six inches of fast-moving water can knock over and carry away an adult.

Check for structural damage before reentering your home.

- Contact professionals to repair water, gas, electric and sewer lines.
- Throw away food that has come into contact with floodwaters.

Contact your insurance agent to report your loss.

- Separate damaged and undamaged property.
- Make a list of damaged property.
- Inventory the structural damage.
